PROFILE

Electronics and Communication Engineering graduate aspiring to build a career in Data Analytics. Skilled in Python, SQL, Excel, and Power BI, with knowledge of data cleaning, exploratory data analysis, statistics, visualization, and reporting. Experienced in working with datasets and developing analytical projects to identify trends and generate insights. Currently developing practical skills in Data Science and Generative AI through hands-on learning and projects.

SKILLS

PROGRAMMING & QUERY: Python, SQL

DATA ANALYTICS: Excel, Power BI, Data Cleaning, EDA, Statistics, Data Visualization, Reporting

TOOLS: Power BI Desktop, MySQL Workbench, Microsoft Excel, VS Code

SOFT SKILLS: Communication, Team Collaboration, Problem Solving, Time Management

PROJECTS

Food Delivery Data Analysis – Python

Performed data cleaning and exploratory analysis on food delivery data to uncover trends and generate business insights.

Mobile Recharge Billing System - Python

Developed a console-based mobile recharge billing application using Python and OOP with features including SIM selection, recharge plan management, GST calculation, and automated bill generation.

Dynamic Comparator-Based Sensor Interface Design for Smart Irrigation - Tanner

Designed a sensor interface using a dynamic comparator to improve sensor signal accuracy and support efficient water management.

Railway Gate Control - Arduino

Developed an automated railway gate control system using sensors and microcontrollers to improve railway crossing safety and reduce manual intervention.

INTERNSHIP

Python Intern, Marcello Tech

Hands-on experience in Python programming, OOP, data handling, and problem-solving through practical projects. Trichy

VLSI Intern, Elysium Pro Technology

Practical exposure to VLSI design, CMOS technology, digital circuits, and semiconductor fundamentals Madurai

EDUCATION

BE-ECE, SRM TRP Engineering college
82%

Tiruchirappalli, India

ADDITIONAL LEARNING

Data Science with Generative AI, Besant Technologies

Currently developing practical skills in data analysis, statistics, Python, SQL, and Generative AI through hands-on learning and projects

CERTIFICATION

Machine Learning, NPTEL

AI Learnathon, GUVI

Deep Learning, IIT Madras Research Park

Data Science Workshop, Velammal Engineering College

Python Programming, Marcello Tech

ACHIEVEMENT

Runner-up, Anna University Zone Basketball Tournament

01/12/2022
